Dear [redacted]

STAT

May I add a personal word of appreciation for your outstanding performance of duty on 30 August 1961. Your sound judgment and initiative in recognizing and expeditiously filing the oblique reference to the Soviet decision to resume nuclear testing, buried in a routine TASS item to the USSR provincial press, show a highly commendable understanding of our Agency's weighty responsibilities to our President and Government.

Please accept my best wishes for your continued success in your Agency career and, in particular, in your upcoming assignment as a Senior Editor at the FBID [redacted]. I am sure you will always show the same alertness in meeting your intelligence responsibilities that you have so ably demonstrated in the past. Congratulations for a job very well done.

Sincerely,

SIGNED
